**Period for Reply**

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

## **DETAILED ACTION**

### ***Drawings***

1. The drawings are objected to under 37 CFR 1.83(a). The drawings must show every feature of the invention specified in the claims. Therefore, the side edges of the four planes joined with one another must be shown or the feature(s) canceled from the claim(s). No new matter should be entered.

Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement-drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as “amended.” If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. The replacement sheet(s) should be labeled “Replacement Sheet” in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the examiner

does not accept the changes, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

### ***Claim Objections***

2. Claim 1 objected to because of the following informalities: In line 11, “for form along” and in line 13 “at positions of each.” Appropriate correction is required.

### ***Conclusion***

3. Comparing will indicate reasons for allowance the claim to the best prior art found. Wong (6113431) teaches a transmission tube with elastic strips but the strips do not have a projecting plane and the tube does not have locating grooves. Yeh teaches a transmission tube with elastic strips and locating grooves but there are only two strips at each tube end and the strips at each end are not joined. Yeh et al teaches a transmission tube with elastic strips and locating grooves but there are only two strips at each tube end and the strips at each end are not joined. Wong et al teaches a transmission tube with elastic strips at each end but there are only two strips at each end and they are not joined at their projecting plane. Lan et al

teaches a transmission tube with elastic strips at each end and locating grooves but there are only two strips at each end and they are not joined at their projecting plane. Wong (6276970) teaches a transmission tube but without a locating groove.
